WHO WE ARE

Scytale is a leading provider of compliance automation solutions with thousands of global customers. We offer a suite of best of breed AI based technology and professional consultancy to get you compliant and stay compliant, FAST.

DOES YOUR BUSINESS NEED COMPLIANCE BUT IS STILL USING LEGACY TOOLS?

Does this sound familiar when it comes to compliance?

1 Manual Processes
Reliance on **legacy tools & spreadsheets.**

2 Time Consuming
Key stakeholders waste **hundreds of hours.**

3 Repetitive Overheads
Overlapping work is inefficient – a huge waste of time and resources.

4 Limited visibility
No continuous compliance and posture insight.

5 Expensive
Paying 3rd party consultants and "**experts**" high fees.

6 Time Urgency
Last minute deadlines and **loss of productivity.**

THE ONLY COMPLETE COMPLIANCE HUB

Helping you get compliant and stay compliant efficiently and cost-effectively to:

1 Sell your solutions to key markets **(US, EMEA, APAC).**

2 Be eligible to **sell to advanced enterprise customers.**

3 Stay ahead of evolving **regulations and standards.**

4 Safeguard critical data from **breaches and vulnerabilities.**

5 Showcase certifications in your very own **Trust Center.**

LEADING WITH AI-FIRST TECHNOLOGY

Selected by **G2 as Best Software Product 2025** in GRC and trusted by **thousands of customers worldwide.**

Streamlines 40+ frameworks including **SOC 2, ISO 27001, ISO 42001, HIPAA, GDPR, PCI DSS, and POPIA.**

Reduces time to compliance by up to **90%** with **24/7 continuous monitoring.**

Secured, **IN-HOUSE** GRC expert **guidance** throughout audit-readiness and external audits.

Integrates with **30+ AWS services** and **100+ cloud integrations.**

Complete security suite, including **Trust Center solutions, Penetration Testing, and AI Security Questionnaires.**

LEVERAGE THE BENEFITS OF AI AND AUTOMATION

Achieve certification up to 2x faster
Our platform automates 80% of manual tasks, like evidence collection and control monitoring.

One-stop solution for multi-framework coverage
Seamlessly manage SOC 2, ISO 27001, HIPAA, GDPR, and more from a single scalable platform.

Stay compliant with ongoing monitoring
Stay ahead of issues before they become audit findings and maintain a proactive security posture.

Cut overheads by 50%
Centralize all compliance activities in one hub, reducing errors and cutting administrative overhead.

Seamlessly integrate with your full tech stack
Plug into multi cloud environments like AWS, Azure, GCP native services and 100+ web applications for real-time compliance insights.

Speed up sales cycles
Faster compliance means quicker enterprise deals, easier investor buy-in, and a stronger competitive edge.
